

# Profitable Farming Workshop

Build a Stronger Business

Develop Your Visions and Goals

Be Successful

The power to manage your business strategically and profitably is in your hands. The Profitable Farming Workshop, delivered exclusively by RCS, and brought to you by AgriFood Skills Australia, directly provides you with the knowledge and tools to be able to improve your farming enterprise and develop your visions and goals.

We at RCS recognise that today's variable climate presents many challenges to farmers. By undertaking The Profitable Farming Workshop, you will learn how to strategically manage various aspects of your farm. The workshop will deliver you a comprehensive understanding of farm economics, time management, planning as well as monitoring for business success.

Our highly experienced educators will guide you through knowledge and principles that will position you for business success, including:

- ✓ **People & Strategy** by exploring the development and progress of visions and goals, developing the ability to plan strategically and streamlining management decisions for ultimate effectiveness in your business.
- ✓ **Money** by overcoming the difficulties associated with understanding accounting, finance and economic structure, to generate profit.

**Would you like to see this workshop run in your area?**

With a minimum of 15 registrants RCS will bring the Profitable Farming Workshop to you!

"The course was far more valuable than I could have ever imagined and was made even more valuable by having my partner commit to the program as well."

– Kate Arthur (Coleambally, NSW)

"I am very happy with the way the course was presented and think the range of topics covered are an essential education for anyone serious about improving their business. I am excited about getting some strategies in place. Thank you."

– Lachlan Bull (Deniliquin, NSW)

"I found the 3½ days of great benefit and will have no hesitation in recommending it to my neighbours and would particularly like my wife to attend the next course."

– Micheal Witham (Coleambally, NSW)
